Mr. Moore,

Got my computer this afternoon. The property is in my brother's, my sister's and my name. Should we all sign one document or each sign a separate sheet? Also, I assume that you folks are getting consent for access from the the other owners.

Garry wanted to know if you had an estimated time when this would start since he must move his things he has stored in the shop.

Mr. Doyle:

It was nice talking with you this morning. As I mentioned, I am sending you a request for access for EPA to clean-up the former Frank J. Doyle Salvage Site. Also, I am sending you some maps that show the PCB contamination throughout the area (Total PCB Breakout) and then a map which shows the areas that we anticipate cleaning up (Excavation Depths). The EPA cleanup level is less than 1 mg/kg Total PCBs. Please call if you have questions.

Thanks
